

VA Electronic Health Record Modernization (EHRM) Testing

DEPARTMENT OF VETERANS AFFAIRS (VA)

MicroHealth collaborates with Cerner Corporation to **deliver a comprehensive EHR system across all VA medical centers (VAMCs).**

This includes program and change management, training, testing, sustainment, and full-spectrum EHR support.

The EHRM program is responsible for enabling seamless delivery of healthcare to Veterans and qualified beneficiaries through the new EHR.

**Let's do more,
together.**

Our Work in Action

Enhanced Cerner EHR for Veteran Healthcare

PROJECT MANAGEMENT | TESTING | TRAINING

CERNER EHR SNAPSHOT

- The new, common Federal EHR will provide a single, accurate, lifetime health record for Veterans and include their health records from the DOD, U.S. Coast Guard, and other federal partners.
- The Federal EHR is now in use at six VAMCs and their 25 associated clinics and serves more than 275,000 Veterans.
- Total contracts value over \$15M

THE WHAT

- Project Management & Support
- Site Assessment Activities
- Development of the Master Test Plan
- Training Plans and Materials
- Program Test and Evaluation Plans
- Provide new development testing processes documentation

THE WHY

- Enhance healthcare quality for Veterans
- Improve data accessibility and management for healthcare providers
