Operations support for the OPAIS Drug Pricing Program

HHS | HEALTH RESOURCES & SERVICES ADMINISTRATION

MicroHealth provides a comprehensive range of **Operations and Maintenance (O&M) tasks** to support the Office of Pharmacy Affairs Information System (OPAIS)' 340B Drug Pricing Program.

Through MicroHealth's efforts, we are enhancing the system's resilience against security threats, safeguarding sensitive information, and ensuring compliance with industry best practices and regulatory requirements, providing stakeholders with confidence in the system's security and integrity.

**Let's do more,
together.**

Our Work in Action

Operations Support @ HRSA

PROJECT MANAGEMENT | SOFTWARE DEVELOPMENT | SECURITY

SNAPSHOT

- The 340B program facilitates steep discounts from 800+ drug manufacturers to 50,000+ healthcare providers
- Calculates prices for numerous products and publishes the ceiling price regularly
- Regularly audits manufacturers

THE WHAT

- Provide project management support
- Engage in system design, operational readiness, software changes, deployment, configuration, testing, and acceptance
- Provide training, create documentation, and manage change requests
- Implement security measures, conduct assessments, develop incident response plans, establish access controls, monitor security events, and ensure compliance

THE WHY

- Aims to help covered entities "do more with less" by lowering the cost of pharmaceuticals and expanding access to care for vulnerable populations
- **Better healthcare outcomes**
